

Mahjongg Artifacts comes to PSP

2010-06-09 PRESS RELEASE

G5 Entertainment Announces Mahjongg Artifacts for PlayStation Portable. Collect lost relics and explore exotic cultures anywhere you go.

G5 Entertainment announced today that Mahjongg Artifacts, the wildly popular PC, iPhone and iPad app, will be available in Europe for the PlayStation® Portable and the PlayStation 3 on June 9th for 4.99 EUR and in North America on June 15th for only \$4.99.

A prequel to Mahjongg Artifacts: Chapter 2, the Story Mode of Mahjongg Artifacts introduces players to the start of the adventure through graphic comic scenes. As players explore five ancient cultures and master more and more complicated Mahjong layouts, they will uncover lost relics as well as special tiles that will help them in their quest. The Classic mode of the game will allow players to choose which layouts and tile sets they want to complete, while Endless Mode constantly produces a never-ending arrangement of tiles, which will provide a limitless challenge.

Features of Mahjongg Artifacts include:

- A Story mode featuring 25 layouts
- A Classic mode with 100 layouts
- An Innovative Endless mode
- 27 gorgeous backgrounds
- Five beautifully drawn tile sets
- Music tracks inspired by ancient cultures
- Smooth zoom in/out and auto-zoom option
- Compatible with PS3
